Science Show

3 AUGUST, 2023

Unlocking the Wonders of Science: A Spectacular Journey at Jinvani Management College!

- ◆ Amidst the halls of learning and the corridors of curiosity, a remarkable event unfolded as the Science Show organized by Jinvani Management College illuminated the minds of students from Gyan Jyoti Awasiya Vidyalaya!
- ◆ With eyes gleaming with excitement and hearts brimming with curiosity, our young learners embarked on a captivating expedition through the realms of science. The event was nothing short of a mesmerizing fusion of knowledge, wonder, and entertainment!

From awe-inspiring chemical reactions that seemed like magic, to mind-boggling physics experiments that defied gravity.

The Science Show was a riveting showcase of the wonders that surround us every day.

The event not only aimed to quench the thirst for knowledge but also fostered a deep appreciation for the scientific method and critical thinking. Our talented presenters not only shared intriguing insights into the mysteries of the universe but also sparked a flame of curiosity that will undoubtedly lead these young minds to explore even further!

As we reflect on this successful event, we are reminded of the power of education in shaping the future. A huge shout out to the dedicated organizers, enthusiastic participants, and our esteemed guests who graced the occasion. Your presence made this event a resounding success!

Let the seeds of curiosity that were planted today grow into the trees of innovation and progress tomorrow. The Science Show at Jinvani Management College will forever stand as a testament to the boundless potential of young minds united by the pursuit of knowledge.

“unveiling the wonders of the universe: where science meets magic, reality takes a bow!

"As the curtain falls on this mesmerizing fusion of science and enchantment, we leave you with the magical truth: In the world of discovery, every experiment is a spellbinding journey into the extraordinary."

"Collage Chronicles: Unleashing Creativity":

The emphasis is on experiencing collage as a tool for thinking, as inspiration to generate ideas, and produce some 'complete' works of art.

Who knew a few cutouts and glue could bring so much joy? A huge shout out to everyone who made this session an unforgettable memory! The collage-making session was a blast of creativity and fun! From snipping magazine gems to crafting vibrant masterpieces, we dived headfirst into an artistic journey! we laughed, chatted, and let our imaginations run wild.

The result?

Showcase Hidden Talent by JMC Students

MBA 2nd Semester— Mani Kumar, Abhishek Raj, Rahul Kumar, Subham Kumar Project

MBA 1st Semester— Shaswat Aggarwal, Swadha Ojha, Shobha Singh Project

"Life is a canvas, and collage is where we paint our stories."

MBA 1st Semester group 2— Vedant Pandey and Manish Kumar Project

BCA & BBA 3rd Semester— Aryan Raj, Balajee, and Ayush Kumar Project

BCA 1st Semester group 1— Balajee Pandey, Vikash Kumar, Prince Prajapati, Priya Singh Project

BCA 1st Semester— Nitesh Kumar, Vickey Prajapati, Manish Kumar, Rupesh Kumar, Vagisha Mishra Project

BBA 1st Semester— Anushka, Aashish Kumar Shah, Shreya Kumari, Utkarsh Raj Project

JINVANI MANAGEMENT COLLEGE

INSTITUTION'S INNOVATION COUNCIL
(Ministry of Education Initiative)

Jinvani Management College
Celebrates
World Entrepreneurs Day

Om Kumar

- ☑ Date : 21st August 2023
- ☑ Time : 1.00 PM onwards
- ☑ Venue : Seminar Hall, JMC, Ara

Keypoints:
To turn inventiveness, innovation and inspiration into actuality, truth and corporeality.
To discover opportunities that others do not see
To conceive ideas and assimilate them in flourishing businesses and enterprises

WORLD ENTREPRENEURS DAY

Today as on. 21-08-2023, Institute Innovation Council, Jinvani Management College organized a Buzzing Session on " **World Entrepreneurs Day**". Commemorating this significant day, session started with a comprehensive outlined on Entrepreneurs & Entrepreneurship followed by Business Ideation Session by students and Quiz based on Entrepreneurs and Business Students participated this event with full gaiety and engrossed this session with enriched knowledge and skills.

"In a world of startups and innovations, today we salute the heartbeat of progress – the entrepreneurs. Here's to your audacity, passion, and relentless pursuit of greatness!"

Celebrating the visionaries, risk-takers, and dream-weavers who turn ideas into empires. Happy World Entrepreneurs Day - where passion meets purpose, and innovation knows no bounds!"

Empowering the Future: Celebrating the World Entrepreneurs' Day! As we mark this special day, we take pride in the innovative spirits that drive our students to excel. Join us in honoring the trailblazers, the risk-takers, and the visionaries who are shaping tomorrow's business landscape. Together, let's continue to inspire, innovate, and ignite change.

Happy World Entrepreneurs' Day!

INDUSTRIAL VISIT

Today as on 22-08-2023 , Under the aegis of IIC, Jinvani Management College , Ara the students as well as faculty members visited Gandhar Concrete Pole Unit , Bihiya . The educational trip aimed at acquaintance to the industrial processing in terms of real time and experiential learning. The students witnessed the actual operational activities and the modus operand of the business.

Here, they had visited two industries first was Gandhar Concrete pole and another one was Kuswaha Krishi Sanyantra Kendra. Kushwaha Krishi Sanyantra Manager shown machine like crop separator tool , how some tools are manufactured in their factory as well as he explained how tools are prepared in his manufacturing plant.

Workshop on “Innovation and Startup Ecosystem Enablers”

Today, as on 23-08-2023, IIC of Jinvani Management College, Ara organised an interactive session on “**Innovation and Startup Ecosystem Enablers**”. The session was conducted under Quarter IV of scheduled IIC Activity, the buzzing session was inaugurated with the opening speech and introductory part of the session by **Prof. Dr. Anand Mohan**, Principal & President IIC, Jinvani Management College, Ara . Then he welcomed the resource person for conducting the session, **Dr. Raju Kumar**, well known Senior Scientist, having industrial experience for last 40years and Expert Member Of GOI, Jharkhand.

The session witnessed a tremendous and widely participation of students as well as faculty members. The crux of the interactive session outlines the ecosystem of Innovation, Ideation and Startup in the context of new global order. In order to inculcate the practice of embracing Innovation, Creativity and Entrepreneurship. The various aspects of business canvas and models and Business Opportunities.

Elaborating the aforesaid topics, Dr. Raju Kumar emphasized on the conceptual theme and analytical approach towards the conceiving new idea and its implications. He stressed on the following facts and findings before implementing the Startup :

- a) Read and observe the ecosystem
- b) SWOT Analysis
- c) Financial Constraints and Feasibility
- d) Project Appraisal
- e) The Business Environment

Besides these suggestion proposed by the resource person, he exhorted the participants to practice TMP (Time Management Practice), Passion, Priority and Dedication. Later Dr. Raju Kumar explained the thought process of ideation and designing the model of business under given constraints.

Delivering out the risk involvement during the inception of Startup, he outlined the various factors that is to be addressed at the earliest such as inability to continue, unable to connect with the relevant environment and avoidance of negativity of the proposal .In one of the important segment of his presentation, he focused on Risk analysis and its mitigation and its implications on the business as well as the viability of the project. Further, he pointed out the various tools and methods that is relevant to the contemporary Industry.

Objective of the session - The session was based on enablers who experienced through the many years and having ample analytical models and tools that keep them surviving and to sustain in today's scenario.

The crux of the objective is as follows –

- ◆ To engross the participants with latest and upgraded skills that is ruling the industry.
- ◆ To acknowledge themselves to be a competent Person.
- ◆ To grasp the whole scenario.

Celebrating Success at Jinvani Management College!

Two days of dedication, determination, and dreams coming true! The Jinvani family is proud to announce the successful conclusion of the "Rogjar Mela" at our esteemed institution.

Over the span of these two inspiring days, a total of 521 bright and ambitious candidates registered, bringing their hopes and aspirations to the forefront.

But the true highlight of this event lies in the incredible 122 candidates who emerged victorious and secured their future by landing jobs in various prestigious companies.

The highest package of 10 lakhs, a testament to hard work and merit, was awarded to an exceptional candidate by one of these renowned companies. This achievement exemplifies the limitless potential that our students possess.

This is not just a testament to the quality education and training we provide at Jinvani Management College, but also a reflection of the tenacity, ambition, and unwavering spirit of our students. Each selection is a story of aspiration and achievement, and we couldn't be prouder.

But this is just the beginning! With Day 2 on the horizon, we anticipate even more success stories, countless more handshakes of hope, and a plethora of new opportunities yet to be explored.

To all the candidates who participated, to our dedicated faculty, and to the businesses that have placed their trust in us, we extend our heartfelt gratitude. Together, we're shaping a future brimming with promise and potential.

Over the span of these two inspiring days, a total of 521 bright and ambitious candidates registered, bringing their hopes and aspirations to the forefront.

But the true highlight of this event lies in the incredible 122 candidates who emerged victorious and secured their future by landing jobs in various prestigious companies.

The highest package of 10 lakhs, a testament to hard work and merit, was awarded to an exceptional candidate by one of these renowned companies. This achievement exemplifies the limitless potential that our students possess.

Adding a touch of honor and distinction to the event, offer letters were handed out with pride today by the esteemed Superintendent of Police of Ara.

It was a moment filled with encouragement, promise, and the realization of countless dreams.

We would like to extend our heartfelt gratitude to all the participating companies, the dedicated faculty and staff, and, most importantly, our talented students who made this event such a resounding success.

This "Rogjar Mela" is not just a job fair; it's a stepping stone to a brighter future, and we couldn't be prouder of our students' achievements.

Congratulations to the candidates who secured their dreams today, and to those who continue their journey, remember, the future is yours to conquer!

Parent of Anushka BBA Semester-I

IDEATION SESSION

Today as on 15-10-2023 , IIC , JMC, Ara organized an Ideation session on relevant theme focusing on innovative India . It includes the captioned topic

1. Green India
2. Make in India
3. Cyber Security
4. Digital Currency
5. Green India .

Students participated enthusiastically in this event. They exhibited their acumen in outlining the comprehensive aspect of the given topic .

Prof Neeraj Kumar delivering the presentation he pointed out the pros and cons as well as put their suggestions to bridge the gap of connectivity to the inaccessible and put their views and proposed their innovative ideas . In another segment of the event , quiz contest was conducted based on biography of Dr. APJ Kalam Azad and above mentioned themes.

“NATIONAL ENTREPRENEURSHIP DAY”

Today, as on 09-11-2023, IIC of Jinvani Management College, Ara organized a celebration activity on National Entrepreneurship Day, to promote entrepreneurship and creating congenial ecosystem as an enabler.

The Session started with the brief introduction and overview of the afore said-topic emphasizing the themes or focusing area of thrust which is as follows:

1. How entrepreneurs are contributing in Nation's growth and their importance.
2. State & Central Govt. initiatives for promoting Entrepreneurship.
3. Ecosystem and nurturing future entrepreneurs.

Objective of this session is as follows:

1. To create an congenial ecology for framework to embrace entrepreneurship.
2. Providing a platform to explore the ideas and innovation for the budding entrepreneurs.
3. To promote and canvassing the culture of Entrepreneurs and Entrepreneurship.
4. The exploration and extraction of concrete ideas and their formulation at the HEIs level .
5. The platform of real time learning and the sharing of their ideas as a whole to contribute the society and nation.

The session started with the brief introduction of the theme and the presentation by the participants on the above referred topics . Presentation was carried out by distribution of groups among the students of different courses from MBA, BBA and BCA (all existing semester) .

Each group comprising of four participants . MBA semester I Group 1 consisting of Shaswat , Manish , Shobha , Ujjwal gave the presentation on Entrepreneur & Entrepreneurship ,outlined the characteristics of Entrepreneurship & Entrepreneur and also laid emphasis on the ecosystem that should be created for embracing entrepreneurship culture. Another Participants from MBA Semester II comprising of Mani, Abhishek, Rahul and Prem, focused on the budding entrepreneurs and the basic traits of the successful entrepreneurs and the motivational factors that influenced them in their pursuit of goal and aspiration. Another Participants from BBA 1st Semester, stressed and marked the significant observation on Entrepreneur's contribution to Nation's growth and their importance in nation's GDP as well as development.

Total 28 participants took part in this presentation and gave their inputs , the panel of judges was constituted for their performance evaluation and assessment on the scale of 10.

The event was the show case of the overall interpretation and notion of Entrepreneurship and the necessary framework that is to be implemented . The conclusion based on overall inputs and feedback submitted by the panel of judges these can be expressed as follows :

It is advisable to conduct session on regular basis.

The participants or aspirants should know the basic objective and mission of the activity.

Under lots of constraints , the event must be specifically designed to comprehend all the contents of the said celebration events

The session came to the conclusion after the vote of thanks by Prof. Dr. Anand Mohan, he congratulated the every participants for their commendable job and exhorted to be consistent and focused on their goal.

Power Point Presentation on National Entrepreneurship Day

Faculties of JMC and students attending the session

The redefining moment to acknowledge the culture of Entrepreneurship and embracing the Innovation and creativity.

The Participants exhibited their potential and represented an exemplary to the society and the Institutions.

“NATIONAL EDUCATION DAY”

Today, as on 11-11-2023, IIC of Jinvani Management College, Ara organized a celebration activity on National Education Day, to commemorate the birth anniversary of India's first Education Minister Maulana Abul Kalam Azad and acknowledging young innovator's contributing in the field of education .

The Session started with the brief introduction and overview of the aforesaid topic emphasizing the themes or focusing area of thrust which are as follows :

1. Celebrating Birth Anniversary of Maulana Abul Kalam Azad and his contribution for Indian Education.
2. Importance of Education in India's growth and the nation's commitment to all aspects of education .
3. How young students can contribute in the field of education with their innovative ideas and initiatives.

Objective of this session is as follows:

1. To promote the educational aspects in the ecology of innovation, creativity and entrepreneurship
2. To embrace the culture of universal educational framework.
3. To acknowledge the importance and contribution of education to the nation and society.
4. The Contribution of Maulana Azad towards education upliftment and upgradation is acknowledged and adopted .
5. To provide a platform to represent themselves as an enriched and intellectual person.

The session started with the brief introduction of the theme and the presentation by the participants on the above referred topics . Presentation was carried out by distribution of groups among the students of different courses from MBA, BBA and BCA (all existing semester) .Each group comprising of four participants .

1. MBA semester I Group 1 - Ujjwal gave the presentation on importance of education , he outlined the importance and the implications of education and how it is reshaping and redefining their aspiration .He also elaborated ,how the education is helpful in social restructuring and the interpretation of knowledge in context of today's world.

2. Another Participants from MBA Semester II comprising of Mani, Abhishek and Prem focused on education and its significance . Abhishek Raj pointed out the policy that governs by the govt. plays an important role especially in the realm of another .

3.Participants from BBA 1st Semester , stressed and marked the significant observation on the Education policy 2020 and its relevance in today's context .

Total 15 participants took part in this presentation and gave their inputs, the panel of judges was constituted for their performance evaluation and assessment on the scale of 10.

The event was the show case of the overall interpretation and notion of Entrepreneurship and the necessary framework that is to be implemented . The conclusion based on overall inputs and feedback submitted by the panel of judges these can be expressed as follows :

1. It is advisable to conduct session on regular basis.

Industrial Visit Report on LAL CHINTA RICE MILL PVT LTD

An Industrial visit of the all students of MBA (Semester I and II), BBA (Semester I and III) and BCA (Semester I and III) was held on 24.11.2023 at LalChinta Rice Mill Pvt Ltd situated at Giddha Industrial Area, Ara.

LalChinta Rice Mill Pvt Ltd has been established in 2012 at Giddha Industrial Area, Ara by MD Mr. Sonu Rai. Its initial capital investment was around 14 crores divided into three parts i.e. 35% subsidy by the Govt, 65% by the owner and loan from the banks in the ratio of 30:70. As it is a money extensive industry, so working capital of this Industry was around 5 Crore.

Milltec machine set up at LalChinta Rice Mill Pvt Ltd

Sortex Machine

It has three warehouses for the storage of paddy and finished rice of three quality i.e Raw Rice , Half Boiled Rice and Steamed Rice with different brands. One the prominent brand of Lal Chinta Rice Mill Pvt Ltd is Nancy Rice.

After the entry of students in the premises of Lal Chinta Rice Mill Pvt Ltd, all students along with Prof.Dr.Anand Mohan, Principal, JMC, Ara, Mr. Manish Kumar, Assistant Professor- Programme Incharge, JMC Ara and Mr. Siddha Bijay Jain,

Warm welcome was given by the MD of this Mill, Mr. Sonu Rai with Mill Manager, Mr. Yadav. Mr. Roy then accompanied all students and started explaining about the complete process of Rice Milling.

Mr. Sonu Rai started explaining the process beginning from procurement of paddy from farmers and other vendors their weighing and then paddy movement to different boiler with different content of humidity after sieving and dust and other unwanted substances removal process and then drying process of the paddy as per need of raw rice, steamed rice or half boiled rice. Here all production process are mechanized and even the boiler's heating is done through husk, the waste material of rice. This unit also produces by-product material used for bran rice oil. But bran rice oil is not produced by this company. They just sale the by-product material to different vendors.

After drying the paddy, milling process starts and this unit uses the Miltech machine used for whole milling process producing the different types of rice.

There are mainly 7 types of machines used in this unit for different activity related to rice milling process and all machines are synchronized to get final product.

Mill 1- De-stoner

Mill 2- De-husker

Mill 3- Paddy Separator

Mill 4- Whitener

Mill 5- Silk Master

Mill 6- Color Sortex and

Mill 7- Grader

Explaining the manufacturing process by MD, LalChinta Rice Mill Pvt Ltd

Rice Variety Separator Machine

After complete milling process done by different machines, finally we get the different types of rice and rice is finally packed in different size of sac and then it is ready for dispatch to different whole sales in different areas. The main supply of LalChinta Rice Mill Pvt Ltd is done to areas like Ara, Chhapra, Siwan etc.

Such types of industrial visit really entice the knowledge of the students of different streams like MBA, BBA & BCA and they get real life exposure of industrial production units, that may be fruitful for their academic journey to corporate journey.

Group photograph of Principal JMC, Faculties Members and Students of JMC during the start of Industrial Visit

Industrial Visit Report on HI TECH ELECTRODES PVT LTD

An Industrial Visit of the all students of MBA (Semester I and II), BBA (Semester I and III) and BCA (Semester I and III) was held **on 23.11.2023** at Hi Tech Electrodes Pvt Ltd situated at Giddha Industrial Area, Ara.

Hi Tech Electrodes Pvt Ltd has been established in 1999 by Owner cum Managing Director Mr. Rajnish Agarwal with capital investment of Rs. 70 Lakhs. It produces three types of electrodes selling under the brand name **Venes ARC, Singhal ARC and Super ARC**. The plant capacity is 3 Tonnes per day.

	
Electrode coating machine at Hi Tech Electrode Pvt Ltd	Grinder Machine

Basically Hi Tech Electrodes Pvt Ltd is making high quality of electrodes used for different welding purposes used in different industries. It is a kind of Industrial goods and its market fully depends on the demand of the welding rod i.e. electrodes for welding of different metals to get used by industries.

After the entry of students in the premises of Hi Tech Electrodes Pvt Ltd, all students along with Prof. Dr. Anand Mohan, Principal, JMC, Ara, Mr. Manish Kumar, Assistant Professor – Programme Incharge, JMC Ara and Mr. Siddha Bijay Jain, warm welcome was given by the MD of this firm, Mr. Rajnish Agarwal, then he accompanied all students at shop floor and started explaining about the complete process of electrode manufacturing starting from raw material i.e. simple iron wires of 5 mm diameter.

After procurement of 5 mm iron wire from other iron industry, electrode manufacturing process starts. First this iron wires are pulled in different puller machines using 4 mm, 3 mm and 2 mm diameter. After pulling these wires become little thinner as per need of the electrode's requirements of different sizes and different diameters.

Iron Coil for Converting into Electrode

Cutting of Electrode

After pulling these wires are cut into different sizes mainly 16 inches and 18 inches by wire cutting machines. Pieces of the wires are then cleaned and crossed through powder coating machines to have layers of coating on wires so that it can easily fused during welding of metals. Coated wires are then transferred to dryer chamber having around 150 degree Celsius temperature, so that coating on the wires become hard and we get final electrodes to be packed. After drying the electrodes electrodes are checked for manufacturing defects and then after weighing it is packed and ready for the shipment.

Here precautions are needed during coating of the electrodes as it is mixture of carbon powder, chemicals and sticking gums or glue.

It is less labour intensive, so that during pick demand 8-10 workers is sufficient for whole manufacturing process of electrodes. The supply of the electrodes is fully based on the industrial demand and whole manufacturing process of Hi Tech Electrodes Pvt Ltd is demand based and average demand of the electrodes in the market.

The supply of the electrodes are mainly done to whole sales situated at North Bihar and South Bihar places like Patna, Muzaffarpur, Siwan, Ranchi etc.

Industrial visit of such industry is very helpful for the students of JMC Ara, as they gain real working knowledge of the manufacturing units and gained about the production process like input, machines, conveyer belts, quality control, packaging of items etc.

National Pollution Control Day

Today as on **02-12-2023**, **IIC of JMC, Ara** conducted the session on “**National Pollution Control Day**”. Amidst congenial environment this Interactive session was organized to commemorate the aforesaid event celebration.

The session started with the short documentary based on Delhi's debacle of Pollution, stressing the ignorance, apathy and laxity attitude which led to complete disaster. The impact which would be faced as a consequence for the coming generation is really horrible and dreadful. Later, the participants put out their views and suggestions to curb such disaster at micro level and stressed to draft a resolution to make the ambient environment clean and healthy.

Participants enthusiastically participated in presentation segment pointing various factors that imposing threat on our environment and also made an indelible imprint to mitigate the pollution and proposed various measures to implement it. Students from Various stream MBA,BBA and BCA expressed emotions and raised alarming concern for our imminent disaster. Elaborating the resolution and pledge of COP28, they gave a epitome glance of Pollution and Climatic Changes that intimidating the planet Earth .The following issues and concerns were pointed out such as :-

1. Gradually rising temperature of Earth
2. Changing climatic pattern in terms of Climatic Change
3. Emission of Fossil Fuels
4. Commercialization of Fuels
5. No any rationalization regarding control of emissions
6. Absence of national & international platform to look after the law and regulation of Pollution Control.

Besides these aspects participants focused mainly on curbing the pollution and suggested their views regarding how to reduce fossil fuels consumption, redressal of some environmental issues and adoption of green technology.

However, they stressed on every individual's accountability to preserve and protect the environment and renounce greed and conviction to safeguard of our surroundings. The objective of the session is as follows:-

1. To create awareness among the citizen to safeguard of our environment.
2. To promote the industry and business houses to implement green technology
3. To accustomed every citizen to hazards of pollution and its consequences
4. To control the pollution how the innovations and ideation would be helpful
5. To create an atmosphere for promoting congenial and clean environment
6. The concluding session witnessed the oath taken by every participant in safeguarding and protecting our motherland.

PM Modi called on all citizens to make India's development their primary mission. "Today, every person, every institution, and organization has to move forward with the pledge that whatever I do, should be for a developed India. The focus of your goals and resolutions should be only on developed India".

If India is to become a developed nation by 2047, people will need to take initiative and become part of a mass movement whose sole goal is a 'Viksit Bharat'. This is Prime Minister Narendra Modi's clear message for 140 crore Indians. On Monday, the Prime Minister launched the 'Viksit Bharat @2047: Voice of Youth' initiative that will seek the views and suggestions of India's youth over the next one month to make the country a developed one over the next 25 years.

Essentially, as is his signature style, Prime Minister Modi is looking to make the 'Viksit Bharat 2047' mission a people's movement. Just as India's G20 presidency became a point of convergence for Indians from all states as events were organized across the country, the Centre now wants to make all Indians active participants in the mission to develop the country. In fact, the concept of 'Jan Bhagidari' or people's participation, according to PM Modi, has been essential to several other programmes such as Digital India, Swachh Bharat Abhiyan and Vocal for Local.
