Dr. Aditya Bijay Jain

From the Academic Head Desk

It is a privilege to announce that the first newsletter of Jinvani Management College, Ara is being launched. The electronic newsletter, aptly named ' JMC Tidings' is a good way to keep the stakeholders as well as other portals in the campus informed about the numerous events happening in JMC Ara.

As a first step in this direction I urge the College to take greater leaps in the near future to make this department a renowned name in this sector.

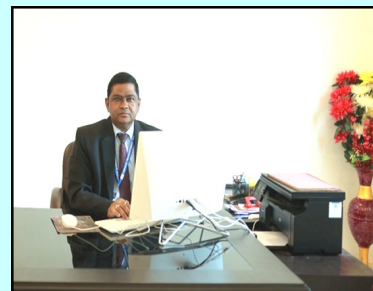

The College has a global vision and is actively pursuing the establishment of a network of collaborative teaching and research partnerships with reputed universities across the globe.

All the best for the forthcoming issues and all future ventures..

Let's be connected.

Prof Siddha Bijay Jain

From the Principal's Desk

I am happy that my Team Members have brought out this e-News Letter which is well edited and presented. Jinvani Management College , Ara is a happening place where every care is taken to make the students industry-ready. Jinvani Management College , Ara students are highly motivated, carry the right attitude and are great performers.

We at Jinvani Management College , Ara, have innovated a number of academic tools and processes since our inception. These innovations have given us encouraging results. In fact these innovations are not one-time happenings, we constantly improve and fine tune them. Corporate Style Retreat for Students, New Management Simulation Games, Learning Plans for each subject that complement University Syllabus with a number of pedagogy tools, are just a few to mention. With this e News Letter, now we would be able to present before our stakeholders these innovations and processes and some more – our activities, achievements, alumni and industry testimonials, etc.

The event was inaugurated by the Principal, Prof Dr Anand Mohan, Jinvani Management College, Ara.

Prof. Dr Anand Mohan, Principal

Prof. Dr Anand Mohan taking Q&A session

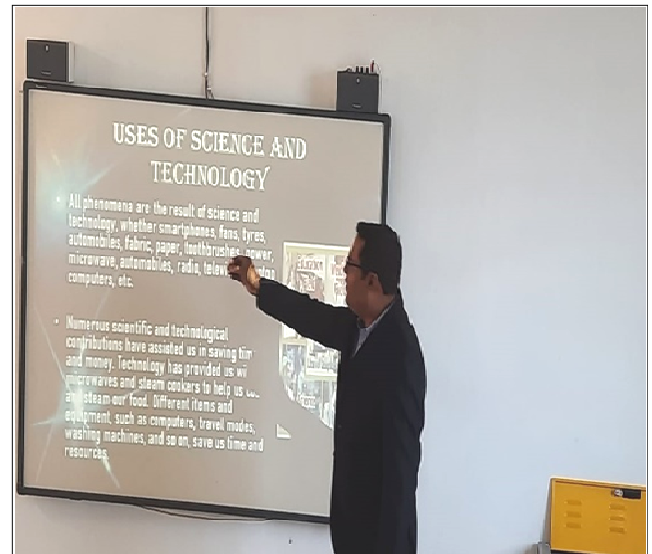

Principal Sir greeted everyone attending the seminar and delivered introductory speech. Principal Sir invited Prof. Abhay Kr Pandey to deliver a lecture on details of Science and its everyday usage. Prof Abhay Pandey briefed about the usage of Science & Technology and its benefits in different sectors.

Prof. Pandey, stated the challenges faced earlier to complete majority of the day to day tasks and we thank God and to Science evolution that we have technology covering our life. His focus was in various sectors like Banking, Healthcare, Online Education etc. How cloud computing has helped students to have their classes online.

Advent of Science and Technology has given hope to people and life has been made easy. Technology touches each aspect of life starting from very minor act to the major act of life. For example, Electricity & Transport the most basic necessity, ATM, Escalators, Lift, Washing machine, Fridge self driven cars etc. Science technology has helped people to live a better life.

Students and Faculties at the Seminar

Prof. Abhay sharing the usage of Science & Technology

Think of the days when there was no advance form of Science & Technology. It was not very handy or rather say people were unaware about the possibilities.

Minor works/tasks like managing our wealth, booking tickets, connecting with people from different location, buying and selling products irrespective of location was very difficult. Internet & Online platforms have made these minor tasks and many other tasks as such very easy.

Science & Technology has also helped to improve our environment, economic and financial growth by sharing the correct prediction on weather/climate which has ultimately been very helpful for irrigation be it in field or in water.

The session was concluded by the Q&A hour addressed by Prof. Anand Mohan.
